Developing Boys Into Men
Strengthening Systems
Building a Movement

We empower urban male youth of color to achieve individual success, develop healthy relationships and contribute to a just and equitable society through:

- ◆ *Brothers Helping Brothers: Counseling & Behavioral Health*
- ◆ *Brothers, UNITE!: Literacy, Life Skills & Leadership*
- ◆ *Lift a Brother Up: Career Readiness & Workforce Development*
- ◆ *Community Capacity Building: Training and technical assistance for schools and agencies to strengthen their work with this population, including through use of these BOTR models.*
